A 2-star 19th-century farm house located in Madonna dell'Acqua, 5 km from Pisa's city centre & 10 km from the coast. A charming location for a relaxing holiday surrounded by the greenery of the Tuscan countryside. An enchanting place for spending romantic/active weekends & unforgettable holidays.

Located within the Migliarino, San Rossore and Massaciuccoli natural reserves, close to Pisa, the sea & the motorway, this farmhouse offers a great opportunity to get in contact with nature while walking, cycling or horseback riding. Due to its strategic position, it is also a good starting point for visiting other beautiful Tuscan cities.

Guests can play table tennis or rent Mountain bikes for excursions into San Rossore estate (4 km) or down to the sea (10 km). There is an outdoor swimming pool as well and a nice garden for relaxation.

Rooms are in a typical rural house style, with wood-beam ceilings & terracotta-tiled floors, liberty-style furniture but modern bathrooms. Protective netting on windows ensures peaceful nights; thick walls and an electric fan keep the rooms cool in summer.

The restaurant, a vaulted room converted from stables, serves typical Tuscan dishes using home-grown seasonal products. In summer months, guests can enjoy the barbecues in the garden. Continental buffet breakfast is served in the restaurant. A bar is also at the guests' disposal.

Excellent for family vacation. Several activities for children – cycling, feeding farm animals, swimming pool, swings & numerous board games.
