VALLE DEI MARGI

The agriturismo "Valle dei Margi" is the end product of a major refurbishment of an old 1871 property. Surrounded by 10 hectares of citrus orchards, and the majestic slopes of the Iblei mountains in the background. The location and the property is a place where one should go to.

The uniqueness of the old villages, the countryside, and the orange blossom fragrance, make the "Valle dei Margi" the ideal place for a comfortable and relaxing stay.

All rooms are equipped with en-suite bathroom, colour TV, telephone, fridge bar, and heating. Laundry services are also available.

In the kitchen, only typical local products are served, such as homemade bread, pasta, fresh ricotta cheese, regional cheeses, meat, vegetables, fruit & the traditional sweets.

One can also make use of the tennis courts, swimming pool, (in Summer Only), children's games and mini-golf.

One may also choose to visit the Calatino centres, rich in culture and art, where interesting exhibitions of various typical products take place.
