TORRE - MACAUDA

Family Friendly

This recently upgraded residential complex is laid out on a 36000 square metre area of thick, lush Mediterranean vegetation facing the sea with a sandy and pebble beach only 250m and 800m from the complex. This property has a full array of arrangements available. Guests can choose from the pleasant rooms in the main building of the hotel, to the brick bungalows surrounded by luxuriant vegetation. While retaining the dynamic, informal character of a village resort, Torre Macaуда offers a good standard of accommodation & service.

During the peak season, June to September, breakfast, as well as lunch and dinner, is served as a very inviting buffet. From October to May, breakfast comes in the buffet style formula, while lunch and dinner are served at the table.
